PLANNING (LISTED BUILDING AND CONSERVATION AREAS) ACT 1990,
SECTION 38

ISSUED BY: The Council of the City of Newcastle upon Tyne ("the Council")

1. The Council is the local planning authority for the purposes of the Planning (Listed Buildings and Conservation Areas) Act 1990 ("the Act") for the area containing the following building: 85 Clayton Street, Newcastle upon Tyne, NE1 5PY ("the Building") shown edged with a red line on the attached plan.
2. This Building is included within a list of buildings of special architectural or historic interests compiled or approved by the Secretary of State under section 1 of the Act.
3. This Notice is issued by the Council because it appears to them that there has been a breach of listed building consent at the Building under section 38 of the Act. The Annex at the end of the notice and the enclosures to which it refers contain important additional information.

4. BREACH OF THE LISTED BUILDING ACT

Without listed building consent, the installation of an orange fascia board above the shop front windows with black plastic lettering on top of this and the erection of an advertisement above the orange fascia board. ("the Works")

It appears to the Council that the Works have been executed to the Building and are such as to constitute a contravention of section 9(1) of the Act.

5. REASONS FOR ISSUING THIS NOTICE

Both the fascia and signage affixed to the ground floor shop front by reason of design, positioning and overall appearance are considered to have a detrimental impact upon the visual amenity of the Grade II Listed Building and character and appearance of the Central Conservation Area contrary to saved Policies EN1.1 and C2 of the Unitary Development Plan, the Newcastle City Council Grainger Town Shop Front Design Guide, Policies CS15, UC12 and UC14 of Planning for the Future: Core Strategy and Urban Core Plan for Gateshead and Newcastle upon Tyne, and the National Planning Policy Framework.

The Council considers that it is expedient to issue this notice having regard to the effect of the Works on the character of the Building as one of special architectural and historic interest.

6. WHAT YOU ARE REQUIRED TO DO

- I. Remove the orange fascia board attached directly to the building and the black plastic lettering that is attached to the fascia board.

- II. Remove the sign from above the fascia.
- III. Repair any underlying damage to the stonework beneath the sign.
- IV. Repair any underlying damage to the timberwork beneath the orange fascia board.

ANNEX

EXPLANATORY NOTE

YOUR RIGHT OF APPEAL

You can appeal against this Notice, but you must ensure that any appeal is sent in time to be delivered by post/electronic transmission to the Secretary of State (at the Planning Inspectorate) **before** the date specified in paragraph 8 of the Notice. An information sheet from the Planning Inspectorate is enclosed which also contains important information about appealing against this Notice and how appeal forms can be obtained and submitted.

Under section 39(1) of the Act, you may appeal on one or more of the following grounds:-

- (a) for a listed building – that the building is not of special or architectural or historic interest;

for a building within a conservation area – that retention of the building is not necessary in the interests of preserving or enhancing the character or appearance of the conservation area in which it is situated;
- (b) that the matters alleged to constitute a contravention of section 9(1) or (2) of the Act have not occurred;
- (c) that those matters (if they occurred) do not constitute such a contravention;
- (d) that the works to the building were urgently necessary in the interest of safety or health or for the preservation of the building, that it was not practicable to secure safety or health or, as the case may be, the preservation of the building by works of repair or works for affording temporary support or shelter, and that the works carried out were limited to the minimum measures immediately necessary;
- (e) that listed building consent ought to be granted for the works, or that any relevant condition of such consent which has been granted ought to be discharged, or different conditions substituted;
- (f) that copies of the notice were not served as required by section 38(4) of the Act;
- (g) except in relation to such a requirement as is mentioned in section 38(2)(b) or (c) of the Act, that the requirements of the notice exceed what is necessary for restoring the building to its condition before the works were carried out; (Note: It should be noted that its condition before the works were carried out refers to its former authorised condition, which is its condition when listed, subject to any listed building consents subsequently granted. It does not refer to its physical condition, for example in terms of repair);
- (h) that the period specified in the notice as the period within which any steps required by the notice to be taken falls short of what should reasonably be allowed;

- (i) that the steps required by the notice for the purpose of restoring the character of the building to its former state would not serve the purpose. (Note: this ground cannot be pleaded at the same times as grounds (j) and/or (k) – see note below);
- (j) that the steps required to be taken by virtue of section 38(2)(b) of the Act exceed what is necessary to alleviate the effect of the works executed to the building. (Note: this ground is concerned with alleviation, not with restoration and cannot be pleaded at the same time as grounds (i) and/or (k) - see note below); and
- (k) that steps required to be taken by virtue of section 38(2)(c) of the Act exceed what is necessary to bring the building to the state in which it would have been if the terms and conditions of the listed building consent had been complied with (Note: this ground cannot be pleaded at the same time as grounds (i) and/or (j) – see note below).

Note: Not all of these grounds may be relevant to you.

Please also note that grounds (i), (j) and (k) are mutually exclusive and cannot be pleaded simultaneously although any one of them can be pleaded at the same time as ground (g).

Ground (i) should be pleaded if the notice has been served under section 38(2)(a) of the Act and relates only to restoration.

Ground (j) should be pleaded if the notice requires alleviation of the works and it has been issued under section 38(2)(b) of the Act.

Ground (k) should be pleaded if the notice has been issued under section 38(2)(c) of the Act and requires bringing the building to the state it would have been if the terms and conditions of any Listed Building Consent had been complied with.

If you decide to appeal, when you submit it, you should state in writing the ground(s) on which you are appealing against the enforcement notice and you should state briefly the facts on which you intend to rely in support of those grounds. If you do not do this when you make your appeal the Secretary of State will send you a notice requiring you to do so within 14 days.
